### **DETAILED ACTION**

Claims 1-30 are pending in the instant application.

#### ***Response to Non-Final Office Action***

##### Amendment of Claims

Acknowledgment is made of applicant's amendment of the claims filed on 09/29/2005.

##### Examiner's 102(b) Rejection

Claims 2 and 25 stand rejected under 35 U.S.C. 102(b). The rejection of Claim 2 is obviated by the amendment to the claim, but the rejection of Claim 25 stands. Please see previous office action mailed on 03/31/2005.

##### Examiner's 103(a) Rejections

Claims 1, 7-21, and 26-28 stand rejected as being obvious over U.S. Patent 4,696,943. The rejection of Claim 1 is obviated by the amendment to the claim, but the rejection of Claims 7-21 and 26-28 stand rejected. Please see previous office action mailed on 03/31/2005.

##### Substantial Duplication Objection necessitated by amendment to claims

Claims 3, 4, 5 and 29 are objected to for being substantial duplicates of the claims from which they depend. When two claims in an application are duplicates, or else are so close in content that they both cover the same thing, despite a slight difference in wording, it is proper after allowing one claim to reject the other as being a substantial duplicate of the allowed claim. M.P.E.P. 706.03(k).

##### New Matter Rejection necessitated by amendment to claims

Claim 30 is rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described

Art Unit: 1626

in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. This rejection can be obviated by pointing out where in the specification the processes, in particular the crystallization process, is in the specification.

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.

A timely filed terminal disclaimer in compliance with 37 CFR 1.321(c) may be used to overcome an actual or provisional rejection based on a nonstatutory double patenting ground provided the conflicting application or patent is shown to be commonly owned with this application. See 37 CFR 1.130(b). Effective January 1, 1994, a registered attorney or agent of record may sign a terminal disclaimer. A terminal disclaimer signed by the assignee must fully comply with 37 CFR 3.73(b).
